

QUANTUM SAILS SAILMAKER CERTIFICATION PROGRAM

# SHAPE THE FUTURE OF SAILMAKING.

When Quantum launched in 1996, we didn't just want to build better sails; we wanted to reimagine the role of sailmaker and the experience of working with one. We have built Quantum on a performance-first foundation of collaboration, innovation, and support for sailors at every level. That philosophy has guided us for thirty years, and it's why we continue to lead today.

## ▲ ABOUT QUANTUM'S SAILMAKER CERTIFICATION PROGRAM

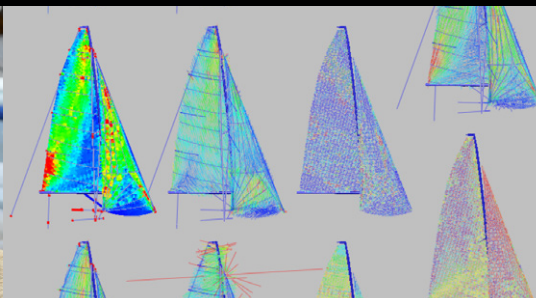

Our program is designed to develop the next generation of world-class sailmakers through a combination of hands-on experience and structured learning.

You'll train in active lofts in the U.S. and Europe, participate in guided online coursework, and learn directly from industry-leading experts.

Each participant follows a customized development plan over approximately 24 months, tailored to their skills, interests, and areas of specialization. Graduates earn a certification recognized across the entire Quantum Sails global network.

All positions within our Quantum Sailmaker Certification Program are paid. If your application is successful, you will receive a personalized offer letter and contract, which will formalize your position within Quantum Sails.

### ▲ A CAREER BUILT ON PASSION + PERFORMANCE

At Quantum Sails, we don't just make sails, we craft performance, innovation, and excellence. Over the last three decades, our passion for sailing has driven us to create some of the fastest, most advanced sails in the world. Now, we're looking for the next generation of sailmakers to carry that forward.

### ▲ WHY QUANTUM?

With more than 700 team members across 70+ lofts worldwide, Quantum Sails is a global leader in design, technology, and craftsmanship. Our work is trusted by top sailors and recognized around the world.

When you join Quantum, you're not just learning a trade; you're joining a team that is constantly pushing the boundaries of what's possible in sailing.

### ▲ MORE THAN A JOB, A CAREER PATH

Our people are the core of everything we do. With world-class facilities, a fantastic team environment, and opportunities in some of the most iconic sailing locations in the world, Quantum offers unique experiences you won't find anywhere else. Add in some of the most skilled sailors, racers, and designers, and there's no limit to what we can achieve together. Whether your path leads you to the loft floor, working directly with sailors, or into consulting and leadership roles, Quantum provides the training, mentorship, and opportunities to grow.

**TRAIN WITH THE BEST.** We're looking for passionate sailors and aspiring sailmakers ready to learn, grow, and innovate with Quantum Sails. Competitive program—experience recommended, not required.

### GLOBAL EXPERIENCE

Quantum's global network of lofts opens the door to unique, real-world experiences around the world. From time to time, candidates have the opportunity to travel to state-of-the-art production facilities and iconic sailing destinations, learning directly from some of the most skilled sailmakers in the industry.

Quantum also supports a wide range of sailing events globally, and candidates who demonstrate strong commitment and growth may be selected to travel in support of these events. These opportunities include return travel and full compensation, offering invaluable hands-on experience beyond the loft.

### APPLICATION + INTERVIEW PROCESS

To apply, complete the application and email **resumes@quantumsails.com**. Selected candidates will be contacted for interviews, often conducted in person at a Quantum loft to give you a firsthand look at the environment. Multiple interviews may take place to ensure the right fit. Successful candidates receive a formal offer letter and contract.

*Candidates outside the U.S. or Europe should confirm visa eligibility for their desired location. Requirements vary by country, and applicants are encouraged to verify details in advance. Quantum may assist with visas in select cases, and interviews can be conducted remotely.*

### VISIT US!

Interested in learning more? Stop by a Quantum loft to meet the team and see sailmaking in action. We're always happy to talk sailing and share what a day in the loft looks like.
